PROFESSIONAL SUMMARY

- 8 year career firefighter with a strong background in technology and a work schedule that allows ample time to take on new projects.
- Extensive problem solving skills, often confronted with having to make life altering decisions under extreme distress.
- Wide ranging background in technology. Ranging from technician, installer, to salesperson.
- Currently on track to complete Full-Stack Web Development and User Experience (UX) Bootcamp in August 2022.

WORK EXPERIENCE

FIREFIGHTER

September 2014 – Present

City of Minneapolis

- Assess conditions and respond quickly to contain fires, assist victims, and ensure community safety.
- Repeatedly requested to ride in a promotable position as Fire Motor Operator or Fire Captain. Often in charge of crews 3-4 in size.
- Maintain updated knowledge of safety guidelines, fire fighting techniques, EMT treatment protocols, response requirements, and SOP's.
- Import data into "firehouse" software for record posterity.

PRODUCT INTEGRATION INSTALLER

January 2020 – February 2022

Powers IoT

- Lead technician by request in integrating IOTAS IoT products into new build apartment complexes.
- Completed 90% of projects on average 37% earlier than expected.
- Build great working relationships with other contractors on the job in order to achieve goals while working around their assignments as needed.
- Created execution plans, organized projects, and executed within allotted timeframes.

AI PRODUCT CONSULTANT

June 2020 – September 2021

Remark Holdings

- Launched Minnesota sales region for Remark Holdings.
- Manage prospective leads and existing accounts through the Salesforce CRM platform to accurately forecast revenue and develop long-term business partnerships.
- Excellent verbal and interpersonal skills. Work well as an individual producer or team member in the achievement of sales objectives.
